

EVERGREEN RETAINER

Client and Attorney agree to a retainer in the amount of \$_____ for this matter. No services will be performed by Attorney on behalf of Client until the retainer is paid in full. If the retainer amount is more than the amount of time and disbursements expended by Attorney, the difference will be refunded to Client. If the retainer amount is less than the amount of time and disbursements by Attorney, Client will be billed for the amount owed.

Client will receive an invoice for services rendered including attorney fees, costs and expenses. Client agrees that such amount owed may be paid to Attorney from the retainer amount. Client then agrees to replenish the retainer in the amount of the invoice within 30 days, so that the retainer amount remains at the agreed upon amount stated above. Client and Attorney agree that Attorney may terminate this Agreement and withdraw its representation of Client if Client refuses or is unable to replenish the retainer to comply with this paragraph.

If the Attorney or Client terminate representation for any reason, Attorney shall return to Client after accounting for all outstanding fees and disbursements, the amount of any remaining retainer or any other client funds held by Attorney in trust
