

Do You Have Cyber Coverage For Your Firm?

Having adequate insurance coverage in place can help protect you and your practice from costs incurred in the event of a cyber breach. Consider this...

CLAIM SCENARIO

An attorney at a law firm found a compromised work station where a hacker appeared to have captured a copy of the firm's client files, including health records and social security numbers. The hacker claimed to have access to the firm's entire client record database and threatened to release it publicly if the firm did not pay a \$300,000 ransom. The law firm reported the incident under their Cyber Liability Insurance. The estimated loss of this scenario is over \$400,000.

You don't have to be a fortune 500 company to experience such high costs. We've seen individual professionals incur devastating costs out of pocket for similar situations. Be prepared. Our state-of-the-art e-JD® cyber liability insurance solution combines broad first-party and third-party coverage with access to expert cyber security services and claims professionals.
